

INOFAIR

Dear Mentors, Applicants,

We received several inquiries from the mentors and their institutions in which they requested that the titles of the projects are not shown on the official awardees list. INOFAIR is an organization that values everyone's privacy rights. Therefore, we erased the titles of the projects from the official awardees list.

If you had several projects applied under your name, you will be able to see the designated award for each of your projects on your diploma.

| First Name | Last Name | Country | Category | Award |
